Description:	Dig Studio is looking for visionary people to do meaningful work: proactive and inspired professionals looking to make an impact.

We are a firm of experienced planners, landscape architects, and designers capable of delivering everything from complex regional plans to the perfect pocket park. At Dig, we create rich experiences between people, nature and the urban landscape with solutions that enhance the quality of life in our communities, and add lasting social, economic and environmental value.

Our work is inherently collaborative - whether we're engaging public audiences to inform a design, working as part of a large cross-disciplinary team or brainstorming internally, we're always bringing in a diversity of perspectives.

At the heart of everything we do is the belief that we are designing for the greater good - not just for now or for one group. We pride ourselves on delivering resilient, compelling, and inclusive outcomes that continue to add value over time.

Dig Studio was founded in 2012 and has offices in Denver and Phoenix. We are seeking qualified candidates with 2-4 years of experience working as or with a licensed Landscape Architect to join our talented team. Candidates should be passionate about our profession, self-motivated, hard-working, enthusiastic, must display strong creative skills and adaptability for different project types. The ability to work well in an energetic and collaborative culture is a must. Candidates should have a strong ability to provide high quality, clever, client focused design and planning solutions. Excellence using 3d tools to design and ability to quickly produce illustrative plan and perspective renderings is required. Candidate should be AutoCAD proficient and be adept at creating Construction Document packages.
